

FAST-PASS®

VISITOR MANAGEMENT

EMPLOYEE PHOTO I.D. SOLUTION

With thousands of facilities utilizing the **FAST-PASS® Visitor Management System**, processing tens of thousands of employees and visitors daily, **FAST-PASS®** supports the largest security solution in the country. With its history of success in visitor management, **FAST-PASS®** is the ideal choice for replacement of existing badging systems that do not offer its wide array of security features. In today's security conscious environment, the ability to properly identify employees and contracted workers is crucial. With the **FAST-PASS® Photo I.D. Card System** the task has never been

easier. You are able to customize your badges enabling for pictures and logos, bar codes and expiration dates to be inserted; you can differentiate between types of employees and contracted workers, allowing upon quick review of the badge the ability to determine the full status of an employee, if the employee is full-time, part-time, which department they work in, etc. While there are many employee badging solutions on the market, none have been developed with such full attention to the issue of security as **FAST-PASS®**. Security is above all else, the primary ingredient in **FAST-PASS®**. By ordering the additional administrative module you can have the convenience of both an employee photo i.d. card system and a comprehensive visitor management system in one, at a fraction of the cost of ordering two separate systems.
